

This Is a Seahorse Activity Kit

Meet the Majestic Seahorse

When a child writes a report about a seahorse, the creature himself has a few things to say about the animals the narrator chooses to compare him to. First of all, he is nothing like a land horse. His tail is much more useful than an opossum's tail. And his snout fits his face perfectly — unlike an anteater's snout.

Triple Animal MASH-UP!

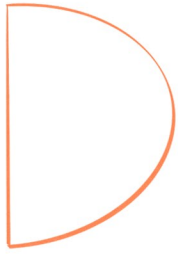

Choose 3 different animals and mash them together to make a brand new one! Think about which animal has the simplest body shape? Which has the most interesting body parts or patterns?

My 3 animals are:

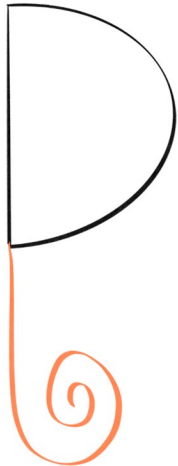

A large, empty rectangular box with a black border, intended for drawing or writing the 'mashed-up' animal.

Draw your own SEAHORSE!
